## Sunny Days

*Words & music by Markus Zosel*

There is so much joy involved when recording and presenting a new album. To make it complete you'll need the words to the song to get the whole message. This service is presented to you free.

Listen to the songs on the internet on any of your favourite download- or streaming site such as iTunes, Spotify, Deezer, Amazon, GooglePlay, Soundcloud, etc.

Now, sit right back and simply enjoy!

Songs for sunny days  
and laughing ways.  
No one has to tell you what to do.  
Being yourself and giving  
that is all to do.  
Life's becoming somehow bright and true.

Songs for the night  
and for the early morn.  
I can't get enough of them, you see.  
Hug the world  
and it may hug you back again.  
And maybe there's a hug left for me.

Sing them songs and keep them  
for a rainy day.  
There always will be one thing left to see.  
Don't hide away for someone  
you have never been.

Step into the light and feel free.

The world's about to be brand new  
in the early morn.  
It's something that happens every day.  
You always have the chance  
to go an start anew.  
No matter what they tell you, what they say.

Sing them songs and keep them  
for a rainy day.  
There always will be one thing left to see.  
Don't hide away for someone  
you have never been.  
Step into the light and feel free.

## On Your Way To Me

*Words & music by Markus Zosel*

Whenever you're on your way to me  
let me see.  
I am here!  
And in case that I should not see.  
Tell me, dear!  
Tell me, dear!

You sure came a long way  
I'm aware of that.  
Fightin' yourself through troubles  
that you never had.  
And time will be the master  
if you're hand's not in.  
Let us now begin.  
Let us now begin!

Whenever you're on your way to me  
let me see.  
I am here!  
And in case that I should not see  
tell me, dear,  
tell me, dear!

I'm not the handy man  
that you hoped me to be.  
I'm a lover and a fighter  
and my eyes do see

a hard loving woman  
with a glance in her eyes.  
And to my surprise I have to realise...

Whenever you're on your way to me  
let me see.  
I am here!  
I'm sometimes blind that I just can't see  
let me see,  
tell me, dear!

Whenever you're on your way to me  
let me see.  
I am here!  
And in case that I should not see  
tell me, dear,  
tell me, dear!

## The Reason

*Words & music by Markus Zosel*

I remember the time  
When I heard for the first time  
the sound of her voice in my ear.  
And I was afraid  
I could have been late  
for a date at the well in town.  
And when I met her there  
I found her smiling  
Singing her song to life  
and being free, free...

With the wind in my ears  
and the sun in my eyes  
I followed her then quite a while.  
She spoke to me there  
I knew she would care  
each time we parted for times.  
And dreams were dreams  
for nothing else but dreaming.  
Love was love and made  
for being free, free...

And then somewhere one day  
all along the way  
her hand left mine with a sigh.

The time it had come  
for her to be gone  
and follow her own destined way.  
And we stood there  
carelessly laughing.  
Wishing well and luck for  
being free, free...

And sometimes at night with the stars in my eye  
I remember her name.  
So I won't forget  
and I won't regret  
for free I'm moving again...  
Free I'm moving again...

## I Remember You Tonight

*Words & music by Markus Zosel*

I remember you tonight.  
Outside the moon is shining bright.  
Sets all the world outside in a mystic light.  
I thought of you and my mind went wild  
I can't stay in I must go outside.  
Where are you now?  
And where have you been?

I caught a glimpse of a distant star.  
A comrade to the wind from afar.  
And just as my memory  
it simply won't stop burning.  
You are now in a different life.  
Too often tried, too many good-byes.  
But deep inside I kept a rest of yearning.

Orion is rising in the east tonight.  
It's 1 a.m. and it's cold outside.  
I watch you sleeping  
way back in another time.  
You open your eyes for a little while,  
you look at me and it makes me smile  
and then once again you disappear  
and the image fades...

Life's passing on and it's gone so long.  
I'm often weak, seldom strong.  
But I need to know this memory

deep inside myself.  
Let's turn the page and go along.  
I promise I'll try to be strong  
and put all the things unsaid  
in life's ashtray...

## All Gold On Earth

*Words & music by Markus Zosel*

Angel face  
the love in your trace  
is worth all gold on earth.  
Talk to me  
so I will see  
that you'll get what your true love deserves.

Mountainside  
broad daylight.  
Don't compare what you've never known.  
God is there!  
He's everywhere!  
And he's taking good care of you.

Angel face  
the love in your trace  
is worth all gold on earth.  
Talk to me  
so I will see  
that you'll get what your true love deserves.

## Road Song

*Words & music by Markus Zosel*

Take a step  
make it your own way.  
There's so much  
that you got to say.  
No one's going to blame you  
for the going on.

Shine a light  
on a distant dream.

Nothing is really  
as it seems.  
All the world will welcome you  
while singing.

There's a song  
that the traveller knows.  
In the wind  
as the feeling grows  
you just got to go  
somewhere else now.

There's a light  
that will never fade.  
Hold on tight  
it is not too late.  
Someone will be  
surely waiting somewhere.

I don't care what the other's say  
what could be or what may.  
I just love to keep my wheels a-rolling.  
I don't know if I'm right or wrong  
I'm just singing my own song  
I just dream there's nothing  
I'd do different.

Close your eyes  
and I'll be there.  
In dreams you can  
go anywhere.  
It is such a gift we all received, you know?

You can see  
what no one can see  
because the mind  
and your soul is free.  
Still believing  
in all wayside wonders.

I don't care what the other's say  
what could be or what may.  
I just love to keep my wheels a-rolling.  
I don't know if I'm right or wrong  
I'm just singing my own song  
I just dream there's nothing  
I'd do different  
after all.

# A Lot of More

*Words & music by Markus Zosel*

A lot of more  
is what I'm looking for  
when I look into your eyes.  
A lot of more  
is why I came here for  
and it's not any kind of disguise.

It has been a need  
be riding on a favourite song.  
And I'm in too deep  
as you smile and I walk along.

A lot of friends  
take me by the hand  
when falling or I'm low.  
Then I see  
the way it's got to be  
or the road I have to go.

It's bending on its way  
to lead me on with nowhere to stay.  
But we got today!  
Isn't it something, so to say?

A lot of more  
is what I do see  
when I stand here on my own.  
The greatest peace  
that I've ever known  
I found when I was alone.

A lot do not believe  
Cause most of them are not that way.  
But what I do receive  
brought me here and it leads me on.

It's bending on its way  
to lead me on with nowhere to stay.  
But we got today!  
Isn't that something, so to say?

A lot of more  
is what I'm looking for  
when I look into your eyes.

A lot of more  
is why I came here for  
and it's not any kind of disguise.  
It's not, oh no, it's not...

## Why

*Words & music by Markus Zosel*

So why,  
just tell me why?  
Why can't you be right here,  
here with me?

How?  
I don't know how!  
How I could ever tell you  
all I need to know?  
All I need to know.

Here,  
I am still here!  
And I am sure you'll find me  
if you just want to.

Don't  
let me wait for too long.  
Don't let it be a lifetime  
and come to me right now.  
Come to me right now!

Why,  
just tell me why?  
Why can't you be right here,  
here with me?

And how,  
I don't know how?  
How I could ever tell you  
all I need to know?  
All I need to know.  
And all you need to know...!

## Pure Me

*Words & music by Markus Zosel*

I stood on a threshold  
where once I must have been.  
Looking at pieces of paper.  
Asking for what I've seen.

Pictures of the past  
emerging all again.  
The way you do wonder  
is just the way to go there, my friend...

Something is different  
in this spring.  
Some kind of wonder  
to begin.  
I don't want to see.  
I just got to be  
pure me.

I've seen all the traces  
by the way.  
Don't try to spoil  
what used to stay.  
I don't want to see.  
I just got to be  
pure me.

## Free Like The Ocean

*Words & music by Markus Zosel*

My love is free like the ocean.  
My love is white like sand.  
She owns the time that you give her  
and falls through your fingers like sand.  
It's wonderful and magical  
when she's taking your hand.  
It takes you where you've never been,  
makes you understand.

My love is like the warm wind  
that blows from coast to coast.  
And when it is quiet without movement,

that's when I miss her the most.  
It's only that I long to know  
her still with me by my side.  
Without the need to explain it all  
in coastal sunshine so bright.

And I won't forget her  
while she waits for me.  
I am sure to find her  
when I'm back, when I'm back  
to be with her again.

My love, she's like the sunshine  
that brightens up my day.  
She knows, when she whispers  
all troubles go away.  
Don't tell me that  
it all could pass on just one rainy day.  
Don't feel that need to be afraid,  
don't need to see it that way.  
Oh no, no, no.
