## HILLSIDE ROAD

*Words & music by Markus Zosel*

Wide open spaces  
Spread out right before my eye  
The wind is blowing constantly and free.  
The city's gone too small.  
Way too small for me to talk.  
I am going to meet you  
Up on the hillside road,

I wonder where I'm going  
But let me tell you now:  
It has always been just that way.  
The road just leads on further  
Don't need to know what I may find  
Going on a hillside road  
Leaves wondering far behind.

Let me sing the Bussard's song, I wanna fly.  
High up to the mountain slopes and dreams.  
And then I wrap it all together  
And bring it home to make a song  
But today, you see, I will be gone  
Up on a hillside road.

Someday you're going to meet me way up there.  
Riding free and somewhere going unbound.  
And then I wrap it all together  
And bring it home to make a song  
But today, you see, I will be gone  
Up on a hillside road.

## WHAT SHE MEANS TO ME

*Words & music by Markus Zosel*

She is pure and white.  
She is my own delight.  
She lets her hair hang low  
And then I know  
It's all so night

She has the sweetest voice.  
And I have no choice  
As to sing all again  
"The way I am"  
With her again.

And we are bound to dream.  
It's not what it seems.  
It's all so true, all so new  
and just magic, too.

We are lovers then.  
Walking hand-in-hand.  
That's what it means to me  
Because we can see  
Tomorrow's dreams.

I could tell so much  
And my love is such  
A dream to me that has become reality.

And in her eyes and face  
I can see the trace of the Holy Grail  
And we won't fail  
To find it one day.

## ANYTHING THAT I COULD BE

*Words & music by Markus Zosel*

The light is dancing  
Soft and still.  
It's moving distant dreams.  
It's also dancing shadows  
On those leaves.

It's all so bright  
Just close your eyes  
And listen to the sound  
That isn't going to fool you,  
In case you believe

That I could be  
So much more than what you see.  
Just listen closely now.  
And it might be  
You're listening to a phantasy.  
Who can tell you now?

Tell about the dreams inside  
Tell in your own words, don't hide  
Anything that I could be for you.

The water's always running on  
It's always going downhill  
I don't want to be like water then.

In life you got to trust someone,  
Someone who understands.  
And I could put my life now  
In your hands.

And I could be  
So much more than what you see.  
Just listen closely now.  
And it might be  
You're listening to a phantasy.  
But who can tell you now?

Tell about the dreams inside  
Tell in your own words, don't hide  
Anything that I could be for you.

Lalala...

Tell about the dreams inside  
Tell in your own words, don't hide  
Anything that I could be for you.

## SWEET LINDA

*Words & music by Markus Zosel*

Sweet Linda, sweet Linda.  
Here we are now.  
Sweet Linda, sweet Linda.  
We found each other now.

I thought I lost my way.  
Nothing more to say,  
But words filled with joy  
For you.

A soft dreamer, a soft dreamer  
Is what I found in you.  
Someone who might understand  
In simply being true.  
You took me anywhere.

You really seem to care  
For words filled with joy from me.

I will never understand  
How, so close at hand,  
A love like this was given to us.

Sweet Linda, sweet Linda.  
Here we are now.  
Sweet Linda, sweet Linda.  
We found each other now.

I thought I lost my way.  
Nothing more to say,  
But words filled with joy  
For you.

A soft dreamer, a soft dreamer  
Is what I found in you.  
Someone who might understand  
In simply being true.

You took me anywhere.  
You really seem to care  
For words filled with joy from me

## LOST PLACES

*Words & music by Markus Zosel*

Take a look around you  
And tell me what you see.  
Happy lovers gone astray  
a broken-hearted destiny.

Gone to different places  
Wherever they may roam.  
Whatever they have chosen now  
It's anything but a home.

I never wanted to live like that.  
I still do believe!  
That whatever you can give by heart  
You someday will receive.

All the love that's given.  
A promise and a gift.  
Something that's offered to you  
and up to you to love and give

Let me tell you about a dream I had.  
Shining in lover's delight  
Joyful and glad.

No more me and I.  
Can you guess?  
I woke to a sunny day  
Astonished, I confess.

A dream is worth the dreaming  
When you're willing to build  
A soil that gives it a chance to grow on  
No matter what will be.

Something just being done by you  
And no one else to blame.  
And if you join right in you may find out  
That true love comes in again.

Let me tell you about a dream I had.  
Shining in lover's delight  
Joyful and glad.

No more me and I.  
Can you guess?  
I woke to a sunny day  
Astonished, I confess.

# EMPTY SPACE

*Words & music by Markus Zosel*

Who's the one to fill the empty  
Space beside me, won't you dear?  
Who is the one with all the courage?  
Is it you, my dear?  
Wouldn't you like to, my dear?

Who's the one to say: I'm with you?  
Who's the one to stay with me?  
I once dreamed of being together.  
Wouldn't you like to be?  
Instead of empty space to see.

The flowing waters are dancing brightly.  
The winds of spring are blowing wild.  
And everyone is whispering slightly,  
In hope for a new spring to come,  
For a brand new spring to come.  
For the empty space to be gone...
