

# NOW & THEN

Release: January 2021

Album: 11 Songs

There is so much joy involved when recording and presenting a new album. To make it complete you'll need the words to the song to get the whole message. This service is presented to you free.

Listen to the songs on the internet on any of your favourite download- or streaming site such as iTunes, Spotify, Deezer, Amazon, GooglePlay, Soundcloud, etc.

Now, sit right back and simply enjoy!

## THERE'S A LAND

*Words & music by Markus Zosel*

There's a land  
That I know  
And I want you to be  
Not just one more  
Listener but  
One who's in there free.

You just got to get back in  
Even though you've never been  
Right into that wondrous landscape  
Of this open unknown land.

There's a place  
And I can tell you  
That it really does exist!  
It's not hidden far away

In some gloomy light and mist.

It is right inside you but it's  
Sometimes hard to find.  
I'm just able to get there  
When you are on my mind.

There's a dream  
And there's nobody  
To steal this one from me.  
I can see  
Within this dream  
What no one else can see.

We are back together.  
This time we try to make it right.  
Staying close together now  
Every day and every night.

Come into that wondrous landscape  
Of this open unknown land.

## SANDY

*Words & music by Markus Zosel*

Sandy,  
Don't you worry?  
I love you!  
I'm dreaming when I'm seeing you smiling.

And my love goes on and on and on.  
It will never be gone, oh gone, oh gone.  
It surely goes on.

I just never had ever  
The chance to tell you.  
My song and my whole life  
Is for you!

And so I'm singing along, along, along.  
Trying to sing you a song, a song, a song.  
Keep on singing this song, this song, this song.  
Try to sing you a song.

And my love goes on and on and on.  
It will never be gone, oh gone, oh gone.  
It surely goes on.

Sandy,  
Don't you worry?  
I love you!  
I'm dreaming when I'm seeing you smiling.  
And my love goes on and on and on.  
It will never be gone, oh gone, oh gone.  
It surely goes on.

And so I'm singing along, along, along.  
Trying to sing you a song, a song, a song.  
Trying to write you a song.

## STORIES IN MY MIND

*Words & music by Markus Zosel*

There are stories in m mind  
When I wake up and find that the night is passing by.  
There are memories in my head  
And I can't go ahead when I see the eagle fly.

Sometimes I wonder what life means to me?  
Like rain and thunder and joy that carries me.

There's sunshine after rain,  
There's joy after pain  
I don't need to see it end.  
There's a world in my mind,  
The music I will find and things that I defend.

Sometimes I'm wandering through the endless space  
And then I'm dreaming just here at this place.

There's a life worth to life,  
There's so much you can give,  
There is someone waiting somewhere.  
There are ways we have to find,  
Things we're leaving behind,  
There's a chance to love and care.

And I get high when I look up to the sky.  
Stars shine so bright, moon is rising high.

And when rain is falling I try to start again  
To find the happiness and a life that is mine...

Sometimes I wonder what life means to me?  
Like rain and thunder and joy that carries me.

# THE UNANSWERED QUESTION

*Words & music by Markus Zosel*

Tell me now,  
I offered you a rainbow in my hand.  
Did you understand?  
Did you understand?

I just wanted to be with you  
anywhere we went.  
Did you understand?  
Would you change in case you'd know?

Don't you know I gotta go  
Wherever I may find  
A trace of you and me and I gotta be  
Slightly in a mood to answer  
Questions to myself.  
Not to someone else,  
But if you asked I answered you.

Love is strange and love is wild  
When you're out there on your own.  
No one wants to be  
Nothing else but free.

You just need to know someone  
To trust and understand.  
Don't you see my hand?  
Can't you see? Just take it now!

Tell me now,  
I offered you a rainbow in my hand.  
Did you understand?  
Did you understand?

I just wanted to be with you  
anywhere we went.  
Did you understand?  
Would you change in case you'd know?  
Would it change, would it change,  
In case you'd know?

# I GOT MY LIFE

*Words & music by Markus Zosel*

I got my life  
To follow by so strong.  
I got my lane  
I'm walking on.

I've got my songs  
I'm singing through.  
I got this day  
And I got you.

I need to know  
The sunshine is still in me.  
I love to sail  
Like a cloud all over the sea.

I've got my dreams  
I long to see.  
I've got each morning  
And that's for me, just for me.

I've got tomorrow  
Each passing day.  
I've got my memories  
And they won't fade.

I need to know  
The sunshine is still in me.  
I love to sail  
Like a cloud all over the sea.

I've got my life  
To follow by so strong.  
I got my lane  
I'm walking on.

I need to know  
The sunshine is still in me.  
I love to sail  
Like a cloud all over the sea, all so free.  
Bound to be free.

# A SMILE AGAIN

*Words & music by Markus Zosel*

Now I'm standing upside down  
With my crown in my hand,  
Cause you're just walking next to me again.  
It's just I don't know what to say,  
So, I'm just standing there.  
Every time you walk past me, ey man!

Sometimes I still hear your voice  
And so many dreams have gone,  
But somehow I can't forget the smile I saw.  
Cause you're the girl I never knew  
And it's always the same,  
But I can't keep that secret here in me.

Give a song to sing as those words can bring  
My message without talking.  
Give a smile again in the summer rain - for me.

And I guess I'm not the only one  
Who is admiring you,  
But I don't like to change myself for you.  
And furthermore I hope you know  
I am who I am,  
But if you'd like to get someone unknown?

Give a song to sing as those words can bring  
My message without talking.  
Give a smile again in the summer rain - for me.

But the music only gives the chance  
And it's so far my best friend.  
Words you will not understand - I know.  
And I even don't know  
If you'll ever hear,  
But the chance of the surprise is in my hand.

Give a song to sing as those words can bring  
My message without talking.  
Give a smile again in the summer rain - for me.

Give a song to sing as those words can bring  
My message without talking.  
Give a smile again in the summer rain - for me.

# DREAM #17

*Music by Markus Zosel*

*Instrumental*

# SPECTRUM OF LIGHT

*Words & music by Markus Zosel*

Lead me on  
To that spectrum of light!  
You won't find there  
Neither day nor night, nor night.

Take me there  
Let us all try to care then!  
Let me see  
With my heart not my eyes when they're sad.

Love of my life  
Why did I leave long ago?  
Where did you go  
Will you ever try to know? Try to know...?

We all go on  
To the place we belong to.  
And God only knows  
But it's us to be strong and faithful...!

# Tell Me

*Words & music by Markus Zosel*

Tell me,  
Where are we going? Tell me.  
Tell me,  
What are we knowing? Tell me.

Is it something we can see?  
Is it something we believe in?  
Like thought or a dream  
Like a gift that we're receiving?

Tell me,  
Where are we going? Tell me.  
After all...

Show me!  
All of the wonders. Show me!  
Show me,  
I've always been wondering. Now, show me!

So what can be a real  
Just some sort of illusion?  
Just a matter of confusion  
or a glimpse of hope to see you?

Show me,  
All of the wonders show me.  
After all...

Tell me,  
I reach out my hand. Now, tell me!  
Tell me,  
For who else could do? Tell me!

For a moment for a while  
For a day or for a night,  
Let it simply be so right  
The way it once was meant to be.

Tell me,  
I reach out my hand, but tell me!  
Right now..

## SEEMS LIKE LOVE

*Words & music by Markus Zosel*

It's been long ago that the flowers bloom.  
Times of sunny laughter or a moody moon.  
But to say I wouldn't mind this time  
Cause it seems that love's no friend of mine.  
Seems that love's no friend of mine.

She walks like a princess on the glacier ice,  
With pearly diamonds as her shining eyes.  
But she is still alone on that mountain top.  
I wish I could reach right up to her.  
How I wish I could fly up there - to her.

It seems that ice won't never melt  
And then a shining smile is breaking those moments.  
And till the icy winds softly darken that light  
I almost think that love is on my side.  
I believe someday love may be on my side.

**Backing Choir:**

Love may be on my side, on my side...

## JUST ONE MAN

*Words & music by Markus Zosel*

I'm just a man,  
That's what I am  
And I do anything I can.  
I try to see,  
I try to feel and I try to comprehend.

I know it's gotta be forever  
The way I try to see the light  
Shining on so bright.

Inside these halls I gotta fall  
I gotta make my own stand.  
And please be sure I do believe  
In so much we all may receive.

Inside one long forgotten vision  
No one can tell me what is right,  
But that sacred light.

**Backing Choir**

He came so far, so very far  
And he still doesn't see a lane.  
Inside these temple walls he'll hear  
One promise all again.

Truth is a matter of believing  
when you are not afraid to fall.  
Never be afraid...!

**Solo**

See I am here and I have come  
To make it all so clear.  
I am just a single man  
Who's trying anything he can.

Although I'm weak I will be strong then  
And I just gotta face the truth  
For it is true...  
(**Choir:** All so true you see.... All so true...)
