I Never Knew

Words & Music by Markus Zosel

I took my chance
I threw the dice
I keep my wheels a-rolling.
Many a time
I sat in wonder
Just to keep on going.

But lately I been told
These words from a distant world.

But I never knew...

So I remembered
When we held hands
The way we'd been dreaming together.
It was for sure
That we would stay
Until the first of never.

But I just got along
left these hands so long ago

But I never knew...

And after all this time
My mind is going wild
Cause I never knew
...about you!

Just yesterday
I saw your face
In a memory softly returning.
My heart kept pounding
as the image disappeared again
and all that's left was yearning.

And a thought it crossed my mind
What if you still were mine?
But I'll never know...
I'll never know.

I'm Gonna Take That Train Home Tonight

Words & music by Markus Zosel

Dream on
It surely will come.
Dream on
You follow a sun
That has always been about to shine.

Free me
I'm chained deep inside.
Free me
You're still on my mind
I'm gonna take that train home tonight.

Sing on
You're Songs may be shared
By ears of
Those who care
To make them feel so right.

I can't control

Where I'll be one day
I don't want, again, be gone away
I'd rather take that train home tonight.

Dream on
It surely will come.
Dream on
You follow a sun
That has always been about to shine.

Free me
I'm chained deep inside.
Free me
You're still on my mind
I'm gonna take that train home tonight.

The train has
Gone out of sight
So, I just won't be going tonight.
But someday I'll take that train home.
Someday I'll take that train home...

So Much

Words & music by Markus Zosel

So much I been seeing
But I've been looking without you.
So much of what I been dreaming
So much I longed to do.
But I seemed having missed that one
when it all was about you.
There's many a way I used to walk
God, I missed being there with you.

So much I've been dreaming of
And Lord, I still do.
I shall be dreaming a lifetime
When it's dreaming about you.
There's many a word I'd like to tell
When it's of you and me.
There's place, that I've never been
Together we will see!

Tell your heart to surrender
And give this pal a chance
Let it be for a lifetime
Let it be like a dance.

Yes, I know it might be dreaming
But in dreams you can be free.
We could both get one step closer
If you'd be there to dream with me.

Dream with me!
Oh, dream with me...

All Night

Words & music by Markus Zosel

We gotta dance all night
We gotta dance all night
I know the feeling's right
Until the morning light.

We gotta make it stay
We gotta make it stay
So it won't pass away no more.

No matter what might
Have happened to you today.
Stay with us here
And let me hear you say:

We gotta make it stay
We gotta make it stay
So it won't pass away no more.

No matter what might
Have happened to you today.
Stay with us here
And let me hear you say.

We gotta make it stay
We gotta make it stay
So, it won't pass away no more.

We gotta dance all night
We gotta dance all night
I know the feeling's right
Until the morning light.

We gotta make it right
We gotta make it right
it's right in here and you are with me.

There's always something
That will make you cry.
But be free tonight
And give your broadest smile.

We gotta make it stay
We gotta make it stay
So, it won't pass away no more.

We gotta dance all night
We gotta dance all night
I know the feeling's right
Until the morning light.

We gotta make it stay
We gotta make it stay
So it won't pass away no more.

No matter what might
Have happened to you today.
Stay with us here
And let me hear you say:

We gotta make it stay
We gotta make it stay
So it won't pass away no more.

Sag' Wo Warst Du Denn?

Words & music by Markus Zosel

Sag' wo warst du denn?
Sag' wo warst du denn?
Ich habe so oft gesucht, doch gefunden hab ich nie.
Sag' wo warst du denn?
Sag' wo warst du denn?
Jetzt stehst du einfach vor mir
Und ich sinke auf die Knie.

I been wandering all my lifetime.
I been wondering much too hard.
And many a joy I found out there
Which was soon about to part.
It was doomed right from the start.

And many a star shone brightly
From a distant galaxy.

But in longing for somebody
In that endless starry sea
The one I saw,
The voyager was me.

Sag' wo warst du denn?
Sag' wo warst du denn?
Ich habe so oft gesucht, doch gefunden hab ich nie.
Sag' wo warst du denn?
Sag' wo warst du denn?
Jetzt stehst du einfach vor mir
Und ich sinke auf die Knie.

There is truth in what we're doing
In so many different ways.
And failures surely show inside
What's left out in disguise.
The moment that you're walking on
You see and realise.

So many words forsaken
So many left untold.
But as you're here it seems to me
That I've always known
These eyes that shine so soft and fine
Have always been part of mine.

Sag' wo warst du denn?
Sag' wo warst du denn?
Ich habe so oft gesucht, doch gefunden hab ich nie.
Sag' wo warst du denn?
Sag' wo warst du denn?
Jetzt stehst du einfach vor mir
Und ich sinke auf die Knie.

Whenever I Need You

Words & music by Markus Zosel

Whenever I need you
I just gotta close
My eyes and see
And then you are with me
The way we used to be.

Whenever I long for
Holding your hand
I reach out for you.
And you are still with me
So good - you're still with me.

I've really been wondering what to say
But I don't need a word.
It's in the way you are with me.
The way it's gonna be.

There's music and wonder
The warm wind it comforts both of us.
Casino lights shine bright
Where we are now tonight.

It's just like dancing with you
Now and for ever.
Some things are bound to change -
Some they never seem to pass
Slightly out of hand.

Who is the dreamer
Out there in the moonlight?
Who is the lover
Not to be that night?
I don't care
Maybe, I don't understand?

Dance!

Words & music by Markus Zosel

Dance along
A brand new song.
Make it yours
You can't be wrong.
With your own moves
It's always right.
We're flying high tonight.

And you say that you gotta go
One more time
That it all had been for so long
On your mind.
It's the way that you try to express
And you do.
Take that step
Back to you.

Dance along
A brand new song.
Make it yours
You can't be wrong.
With your own moves
It's always right.
We're flying high tonight.

There's an answer in neon lights
I shall say.
They do offer you to get out
Just don't stay
In a field where no-one else
Just won't see.
That there is you -
There will be me.

Dance along
A brand new song.
Make it yours
You can't be wrong.
With your own moves
It's always right.
We're flying high tonight.

Don't You Leave Me On a Winter's day

Words & music by Markus Zosel

My love she laughed and then she cried
She told me that
She had a dream last night.
She said that I'd be leaving soon.

I listened to her, I held her tight
Telling her everything would be right
And I'd still be here
After winter had gone.

And she said: »Can't. you see
My love is a fire
That quenches you love
And all your desire.
Whatever we do, what ever we'll say
Don't you leave me
On a winter's day?«

My love she took
Me by the hand
She drew our facers in the sand
For water to wash them away.

We danced along
And sang the songs
That lovers sing
When the evening had come
And stars they changed
Into bright and clear.

And she said: »Can't. you see
My love is a fire
That quenches you love
And all your desire.
Whatever we do, what ever we'll say
But don't you leave me
On a winter's day?«

I found myself
Underneath a tree
Watching for her
And couldn't find
The traces in the snow.

As winter came
And days turned white
She would no more be
With me at night
The falling snow
Had forced her to go.

And she said: »Don't you see
My love is a fire
That quenches you love
And all your desire.
Whatever we do, what ever we'll say
But don't you leave me
On a winter's day?«

And she left me
On a winter's day..

Viel, viel weiter

Words & music by Markus Zosel

Viel, viel weiter
es ist so viel zu tun.
Viel, viel weiter
Ohne auszuruhen.
Viel, viel weiter
In Tagen voller Glück
Und ist der erste Schritt getan
Geht es nie mehr zurück.

A bird sang in the morning
A lovely melody.
In sparkling lights of wonder
It sounded wild and free.

It sang so mild und joyful
It made me calm and see
Cause I heard on that morning
A distant harmony.
Viel, viel weiter
es ist so viel zu tun.
Viel, viel weiter
Ohne auszuruhen.
Viel, viel weiter
In Tagen voller Glück
Und ist der erste Schritt getan
Geht es nie mehr zurück.

In words of golden sunshine
In dreams of starry night.
We all are what we want to be
We just got to be free.

It makes no sense
To mourn about
A time that has gone by.
You gotta spread your wings again
You know, that you can fly.

Viel, viel weiter
es ist so viel zu tun.
Viel, viel weiter
Ohne auszuruhen.
Viel, viel weiter
In Tagen voller Glück
Und ist der erste Schritt getan
Geht es nie mehr zurück.
